

THOMAS FARANDA

A CEO'S VIEW OF LIFE, CHANGE & THE FUTURE

CAPTURING THE FUTURE

An exciting, futuristic look at the 21st Century with examples from medicine, life, science and business. Learn how medicine will change your life, how your home will operate on its own and how you will communicate. Learn about magic pills, bloodless surgery, artificial intelligence, virtual reality and many other new aspects of living in the future.

FOOTPRINTS

Be inspired by this famous program of joy in life, family, relationships. Laugh at some of the funniest stories about life you will ever hear. Help change your life with these positive ideas and inspiring thoughts. This is the most exciting, uplifting and challenging program you will ever attend... as well as the most enjoyable one.

EVEREST

Mt. Everest has inspired people for centuries as the pinnacle of achievement. In this program, Thomas Faranda, a global adventurer who has climbed some of the highest mountains of the world, will talk about achievement, excellence and success. He will show you how YOU can reach these pinnacles in your life both personally and professionally. His examples will inspire you, his stories will entertain you and his ideas will excite you.

AMERICA THE BEAUTIFUL

America is a place with a Constitution as well as a Conscience. It is a place everyone wants to visit and everyone wants to stay. It is a triumph of idealism and realism that is a tribute to the human spirit. Mr. Faranda will show you the value of your America through facts, stories, humor, examples and celebration of the spirit of our people. He has worked all over the world and his examples will make you laugh, cry and believe in the goodness and spirit of our America.

Thomas Faranda's programs on life, change and the future are filled with humor, stories, examples and experiences. He is a master of storytelling—humor with a lesson.

There is no duplication of stories, examples or humor in any program. Every program is a unique experience of joy, life, learning and laughter.
